

Official Inauguration of “Navadhaara” The Science Club and official inauguration of The Heritage Club

The clubs were officially declared open on Monday 26.10.2020 on the auspicious day of “VidhyaArambham”. Shri G Grahadurai, Deputy Director, Range Operations, SathishDhawan Space Centre, Sriharikota, consented to be our Chief Guest. The Virtual program on Microsoft Teams began with the invoking of the blessing of the almighty. The formal welcome address was given by our student club member, followed by the Presidential Address by our Principal.

The first technical session included the presentation of the heritage club director Ms D Malini, followed by its members. The topics included about our ancient monuments and the description of the currencies.

The second technical session was initiated by the club directors MsJayanthi and Ms Aditi Vivek, followed by the members of the science club. The presentation included the birth of science stars, History of the science club, the creation of the logo, comparison of the Wolf Pack to our Principal's leadership (Mrs J Premila) and comparing the members of the science club to the "MARCOS". The presentation continued with the achievements of the science club, science in everyday life, science and social service and the future plans.

At the end of the technical sessions, the Chief Guest, Shri G Grahadurai, Deputy Director, Range Operations, Sathish Dhawan Space Centre, Sriharikota, announced the office bearers. The children and our parents participated with inquisitiveness as they shot various questions related to the rockets and space. Our chief guest was benevolent to answer all of them patiently.

Our Correspondent Madam who witnessed the entire program appreciated and conveyed her wishes to all of us. The program was adjourned after a formal vote of thanks.
