

Science Club Activity

Year End - Wrap up session

The Science club hosted a webinar on “Green Schools” as a part of year end wrap up session. The speakers of the session was Ar. Sreelakshmi Haridas and Ar.Shruthi from Cochin. All the students from Grade I to Grade VIII participated. The speakers delivered a power point presentation on conserving energy, saving water, saving electricity, planting trees, conserving environment, use of solar energy, implementing rain water harvesting, etc.,

The children had a good take home message and Rudrappasmay School will function as a Green School in future.
