

Doctor's Day Celebration

Not all angel have wings, some have stethesopes". Our school celebrated National Doctor's Day on 1st July 2022 to pay tribute to all medical practitioners for their ethical and relentless service to the humanity. Students of Pre-primary wing were involved in "Role Play" where they were encouraged to speak about tools and things commonly used by the Doctor's. Children actively participated in the celebration and thanked all the medical practitioners who are working tirelessly for the humanity.
